1. The members of the Soviet Trade Delegation in East Berlin, all representing 25X1 Tekhnopromimport, who are listed below, have dealt with DIA Invest-Export since the founding of the latter organization on 1 June 1954. Between June and September 1954, DIA Invest-Export delivered rotating furnaces (Drehofen), LEPOL furnaces, gear installations (Getriebeanlagen) and cement factories to Tekhnopromimport. In the main, these were only initial orders placed with this newly-founded DIA, since prior orders for these items had been placed by the Soviet Trade Delegation with other DIA firms, when such equipment was handled by the individual DIA firms corresponding to the various East German industries. 25X1

2. The main problems confronting DIA Invest-Export in their dealings with the Trade Delegation on the Tekhnopromimport orders were recurrent problems of delivery fulfillment. Repeated requests for extensions of time on delivery of complete industrial plants were submitted by DIA. In general, most of the replies to these requests received from Tekhnopromimport were negative and insisted upon fulfillment of the agreed delivery schedules. Vierantz (fnu) represented DIA in these matters. [REDACTED]
